

Undergraduate & Graduate Course Description Packet
Summer 2020
Updated: 4/10/20

ENGL 5533 Technical Writing Praxis (Online)

Teacher: A.R. Pope

Description: This topics course melds a broad introduction to technical writing theory with the application of that theory to a specific content area. In the first half of the course students will study some of the major strands of thought in technical and professional writing and cover the rhetorical use of grammar and style. In the second half, they'll apply the knowledge to the course's chosen topic, with potential topics including grant and proposal writing, writing in the sciences, and writing in organizational settings.
